**Our Lech Lecha Walk**

Morah told us to get our backpacks, sweatshirts, and all our things. We were going to go somewhere. But we didn't know where.

*Hashem told Avraham to pack up all his belongings, leave Charan, and go to the place that Hashem would show him. Avraham did as Hashem told.*

We walked out of school. We were happy. We know Morah loves us and would take good care of us.

*Avraham, Sarah, and their followers went. Avraham and Sarah trusted in Hashem and went happily.*

We walked and walked...

*Avraham and Sarah continued on their way...*

We got there! It was a nice shady spot. We talked about Avraham's walk in the parsha. Then we went back to school for a snack.

*Hashem led them to Eretz Yisrael. Avraham saw that the land was beautiful. (They went to Mitzrayim to get some food.) Hashem had presented a challenge and Avraham passed the test!*

*Personal Parasha Ponder:*

*What would I do if today Hashem told me to do something?*
