

## אם אין אני לי מי לי

There's someone I wish to acquaint with  
Her exceptional virtues are compelling  
Observing her upstanding yet modest profile  
She seems to exemplify a true *eshet chayil*

Caringly attentive with full presence and a listening ear  
She encourages with a heart that deeply cares  
Continuously on the lookout for how to assist another  
She exemplifies how to be *nosei b'ol* for a sister or brother

Simultaneously elegant yet softspoken, refined in her manner of dress  
She reflects Hashem's presence by appearing her very best  
The first to greet another with warmth and a radiant face  
She exemplifies how to be *hatznei'a lechet* with genuine grace

Her table set, while it's early noon yet  
Her home so completely welcoming  
Sparkling clean, with an atmosphere serene  
She exemplifies how to befittingly greet the Shabbos Queen

Serving Hashem wholeheartedly in every circumstance  
Recognizing that all is an opportune chance  
To rise above each moment's challenges, without questioning if or when  
She exemplifies how to be *ma'amin ba'Hashem*

I feel as though I know this woman  
Living a life of noble quality  
With determination and consistent focus  
One day, I know, she can be... *ME*.
