

Grade Two

**Dream a Little Dream**  
In childhood dreams and dreams, the world has been found. It's like to  
become other dreamers - who they are, what their dreams are, and how they  
are being accomplished. We began with writing a book and something to  
share about their lives. It's a book that will inspire you to dream big  
and to fight for what you want.

**Dear Patience Dreamer**  
My name is Sarah Bennett.  
I have a dream to be a teacher. I want to be a teacher because I love to  
teach and I want to help other people learn. I want to be a teacher because  
I love to help other people learn. I want to be a teacher because I love to  
help other people learn. I want to be a teacher because I love to help  
other people learn. I want to be a teacher because I love to help other  
people learn. I want to be a teacher because I love to help other people  
learn. I want to be a teacher because I love to help other people learn.

**Dear Dreamer**  
Hello my name is Katie. I started my dream at 10 years old. I planted a seedling and made a vegetable garden. I learned kids in the world don't have food so I started donating food from my garden. I also support poor people by growing plants. My organization, Katie's Krops, supports young people to start their own gardens. Keep on dreaming!

Dear Dreamer,

Hi! My name is Nicholas. When I was 12 years old my dream was to make sure every kid in Rhode Island had shoes that didn't hurt or that were falling apart. I started donating shoes and I got other people to donate shoes. Then I got the shoes to homeless shelters. One day I hope you have a dream that helps your country. *Keep dreaming!*

From,

Nicholas

Dear Dreamer,

My name is Na'ama Uzan. I am 5 years old. My dream is to raise money to find a cure for Angelman Syndrome. I sell lemonade and muffins to get money. My brother has Angelman Syndrome so I want to find a cure. Never stop dreaming. Don't give up. I already raised \$25,000 dollars and I am not stopping any time soon.

Love,

Na'ama Uzan.

Dear Dreamer,

My name is Lily-Bern. I'm from Chicago.

My dream is to make a cup that doesn't spill.

I made the cup for my grandfather and his Parkinson's disease. He was having trouble holding his cup. I started making the cup when I was 11 years old.

When you have a dream, you should never give up.

Love,

Lily-Bern

Dear Dreamer,

My name is Ken. I live in the Philippines. My dream started when I was 9 years old. My dream is to have my own animal shelter. I give the animals good food and don't keep them in cages. I am trying to find good homes for animals. If you have a dream, you should never give up. Stick with it and make a difference!

From,

Ken

Dear Future Dreamer,

I'm Ryan Hurler. I'm from Kemptville, Ontario, Canada.

I started donating when I was 6.

I'm raising money all over the world for wells. I make wells because others can't get clean water. I raise money by doing chores. If you have a dream you can accomplish it by not giving up. Just keep donating and don't stop.

From,

Ryan Hurler

Dear Dreamer,

Hi my name is Amanda. I do a lemonade stand to raise money for Sick Kid's Hospital to fix kid's hearts. I started the lemonade stand when I was two years old. I have raised 200,000 dollars just for Sick Kid's Hospital. I worked so hard since I was two to seventeen years old. Just keep on trying and help kids who need it.

From,

Amanda
