

3/4/16

Dear Mrs. Peters,

Thank you so much for planning book day for us. I learned that Israel helps Africa a lot. Another thing I learned is that people in Malawi have a very hard life. One of the activities that I really liked was meeting the illustrator, Elizabeth Zunon because I got to learn how she makes the pictures in the book. I also liked the Assembly at the end of the day because it was really funny. Thank you so much.

sincerely

Hallie
