ספר שמואל Final Project

We have seen throughout our learning of *Sefer Shmuel* this year that it is a *sefer* filled with many different leaders to inspire us. Your final project is to write a letter of admiration to a modern-day leader inspired by the examples of leadership in *Sefer Shmuel*.

Before we begin our letters, let's review and connect.

1. *B'chavruta*, list as many leaders from *Sefer Shmuel* as you can think of in four minutes. On your marks... get set...

2. How many different kinds of leaders from *Sefer Shmuel* can you think of? For each kind of leader, please also include the example from our *sefer* (here are a few examples to get you started:

- a. שופט – עלי, שמואל (יואל ואביה)
- b. אם – חנה
- c. כהן - _____
- d. כהן גדול - _____
- e. _____
- f. _____
- g. _____
- h. _____
- i. _____
- j. _____
- k. _____
- l. _____
- m. _____
- n. _____

3. Read through your lists of leaders. Which leaders stand out to you?/inspire you?/did you most enjoy learning about? Why? Please be specific (you can choose more than one).

4. Think of a modern-day leader whose qualities and actions remind you of a particular leader in *Shmuel* (You may choose more than one). Briefly explain the connection between the leader of today and the leader from the time of *Shmuel*.

5. You are ready to outline (and ultimately write) your letter! Your letter must include:

- An expression of thanks (for something they do, did, or will do)
- An introduction to why you are writing to them (“This year, I learned *Sefer Shmuel*/the Book of Samuel, which teaches us about many models of leadership. There is one leader in the *sefer* that I found particularly inspiring and actually made me think of you.”)
- Share your example/inspiration (must include at least one quote from the *psukim* (this quote can be shared in English, if appropriate).
- Explain why you find this example particularly inspiring
- Explain how you hope the leader you are writing to will be inspired by this.

(You may present these things in any order you choose.)

בהצלחה!
