

Dear Mohamed and D-kair students,

6/1/07

How are you? I hope things are going swell. Do you have any favorite animals, or colors? my favorite animal is a monkey and my favorite colors are orange yellow. Do you have any siblings? I have two older brothers, named Zachary and Jonathan. In my favorite hobbies are swimming and running, do you have any favorite hobbies to do in your spare time? My favorite sport with a ball is soccer and basketball do you play any sports that involve a ball? I hope to hear back from you soon.

Sincerely,

Talia Halfon

Dear Mohamed,

As the school year is coming to an end, this is my last service learning class. Even though I will not be an 8th grade anymore, I will continue to help donate money to our campaign and send e-mails your way. My 8th grade class will be passing this class down to the incoming 8th graders, and they are already very eager to be involved with the campaign. I wish you the best of luck.

Sincerely,
Rebekah Lackner
"Change the World,
it Just Takes Cents"

Dear Mohamed,

This year has been the best I have ever had. I am extremely happy at the efforts that our class has made this year to be more united with the people of Darfur and their amazing courageous triumphs. I believe that we all have a little bit of strength in us. But you, the people of Darfur, have an amazing strength and bond that even we cant imagine. I am so happy that you have the strength and courage to keep living and keep your nation and your people living with you.

Now is the time that I must say with a heavy heart, that we will not be able to continue this project next year. We will be passing the project on to our fellow seventh graders (soon to be eighth graders). They will continue with the work that we have started. I must say now that some of the kids in our class, whos hearts where trully in this project, might still be keeping in touch with you all and continuing to help with this amazing project next year. Although I myself wont be able to continue with this exact project next year I will be goign to a new school where the initial conclusion is the same (to save the people of Darfur) just with a different title for their project. Thier project is titled STAND (students take action now for Darfur) and they are also helping in the struggle to save your people. I dont even think I have the right to call it YOUR people any more because the trueth of the matter is that it is not YOUR people, it is our people. We are all one and the sooner the world realizes this, the faster the world will become a calmer and more peaceful place.

Whenever you recieve a letter, donation, or aid just remember that the people of Change the World it Just Takes Cents or even Students Take Action Now for Darfur or how about even The World is their to support and help you in your time of need. Thank you all for your strength and drive to survive and God Bless you always!

Your Fellow Human Being,
Dani Fried

Dear Mohamed Sheif and D-Kaire students,

How are you? I hope everything is going well right now for you. What do you do to pass the time? Do you play sports? If you do what kind of sports do you play? Here in America basketball and football are very popular and fun to play. How many sibilings do you have? Whay animals do you like? I hope everythig is going well for you can keep in touch with me and the rest of my class.

Sincerly,
Arthur Taratuta
