

## Cereal of the Week

לך-לך

“Kashi”

“Go” “Lean” “Crunch” “Cereal”

אברהם tested 10 times. Even though each test was hard for אברהם to understand, he did not have any “Kashi”s (questions) because he knew everything Hashem does is always for a good reason.

One of the difficult tests was: Hashem told אברהם to “Go” from his land, his birthplace, and his father’s house to a land which Hashem will show him later.

Another test was: When אברהם was told by Hashem to go to ארץ כנען, there was a famine, and the people were probably very thin and “Lean.”

אברהם was tested again: When אברהם’s nephew לוט was captured by the 4 kings, אברהם went to war with them, and he “Crunch”ed them and rescued לוט.

The lesson we can learn from this: We must always “Ce” everything Hashem does is “Real”ly always for the best and always say: גם זו לטובה !!
